

# Clear Advantages. Sound Savings. Hearing Aids.

Cypress Care has an extensive network of hearing aid providers, offering exceptional quality in audiology services. Each referral is handled by our highly-trained DME unit, with oversight by a team lead who ensures that every referral makes it through the process seamlessly. Our nationwide network and experienced staff are well-positioned to accommodate all hearing aid needs.

**Contact Cypress Care Today.**

## **WE MAKE YOUR JOB EASIER BY:**

- Rapidly scheduling appointments within our hearing care professional network
- Using an audiologist to review each provider recommendation to ensure the selected hearing aid meets medical necessity
- Controlling maintenance costs and monitoring use of batteries and accessories
- Supplying hearing aids with repair, loss and damage warranties
- Ensuring claimant satisfaction

# Comprehensive Specialty Services

Cypress Care's national network of specialty healthcare service providers serve claimants in need of durable medical equipment and supplies, home healthcare, diagnostic imaging, physical medicine, modifications, transportation and language services and Medicare Set-Aside allocations. From catastrophic care coordination to home-based delivery, Cypress Care offers competitive pricing and timely, dependable service.
